

60kV

4kW

4U

**Genvolt**  
high voltage power supplies

NEW FOR  
2019

# Electron Beam

# Rack Power Supply

## Features

### Frequency

Very low ripple at high frequency

### Configurable

To U.S. and U.K. mains single and 3 phase

### Interface

Industry compatible high voltage user interface

### Specifications

Air insulated, low stored energy, negative or positive output polarity

**For electron beam  
and light industry**
